The character of the Cabinet was not such the duty of the Governor is ministerial morely, like that of a Sherill or Marshal, and appeals to his good faith in the discharge of a constitutional duty, for the reason that Congress can not impose any Federal duty on the officers of a State: and that where such officers are called upon by an act of Congress to perform such duty, he conceives to be but good sense and good faith on their part to do so. And on these grounds the mandamus is refused.

Or Wright, well knowing the deception practised upon the numinitiated, felt it his duty at once to have the numinitiated, felt it his duty at once to have his liking tested by the whole Medical faculty, who, without even one dissenting voice, have given in their adherence to its perfect and undivided control over the whole physical man when his frame has been reduced, and when all other medicines known to the Pharmacopecia have been tried in vain. Long thought, years of pattern investigation, and a wil desperandem determination, have errowned the Doctor's efforts, and be now offers the Elixir to suffering humanity as the only thing that can cure the following diseases—namely.

RESTORATIVE CCRDIAL

AND BLOOD RENOVATOR.

IT is precisely what its name indicates, for while pleasant to the taste, it is revivifying, exhilerating and strengthening to the vital powers. It also revivifies, reinstates and renews the blood in all its original purity, and thus restores and renders the system invulnerable to attacks of disease. It is the only preparation ever offered to the world in a popular form so 2s to be in the reach of all. As a sure preventive and cure of

Consumption, Bronchitis, Indigestion, Dyspepsio, Loss of Appetite, Faintness, Nervius Ir-Exitability, Neuralgia, Palpitation of the Heart, Melancholy, Hyporhrondria, Night Sweats, Lungor, Gid liness, and all that class of cases so fearfully fatal, called female weaknesses

and Irregularities, There is Nothing its Equal.

And to you we appeal, to detect the illness or decline not only of your daught rs before it be too late, but also your sons and husbands; for while the former from false delicacy go down to a premature grave rather than let their condition be known in time, the latter are often so mixed up with the excitement of business, that if it were not for you, they too would tre red in the same downward path, until it is too late to arrest their fatal fall. But the mother is always vigilant, and to you we confidently appeal, for we are sure your never failing affection will uncringly point you to PROF, WOOD'S RESTORATIVE CORDIAL AND BLOOD RENOVATOR as the remedy which should always he on hand in time of need.

DR. EATON'S. INFANTILE CURDIAL

and why? because it never fails to afford instantaneous relief when given in time. It acts as if by magic, and one trial alone will convince you that what we say is true. It contains

NO PAREGORIC OR OPIATE of any kind, and therefore relieves by removing the sufferings of your child, instead of by deadening its sensibilities. For this reason, it commends itself as the only reliable preparation now known for Children Tecthing, Diarrhea, Dysentery Griping in the Bowels, Acidity of the Stomach, Wind. Cold in the Bowels, Acidity of the Stomach, Wind. Cold in the Ilead and Cronp, also, for softening the gnus, reducing inflamation, regulating the Howels, and relieving pain, it has no equal—being an anti-spasmodic, it is used with unfailing success in all cases of Convulsion or other Fits. As you walne the life and health of your children, and wish to save them from those said and blighting consequences which are certain to result from the use of narcoties of which other remedies for Infantile Complaints are composed, take none but Dr. Eaton's Infantile Cordial, this you can rely upon. It is perfectly harmless, and cannot injure the most delicate infant. Price, 25 cents. Full directions accompany each bettle. Prevared only by CHURCHA & DUPON'T,
